

Microscience Microscopy Congress

incorporating **EMAG 2019**

mmc2019 Satellite Meeting

Early Career Pre-Congress Symposium

Monday 1 July, 1400 - 1630

Scientific Organisers: Rebecca Thompson, Colum O'leary, Irene Del Molino Del Barrio, Kathryn Yates, William Jackson and Rebecca Saleeb

The RMS Early Career Pre-Congress Symposium is an event for early career microscopists (students and post docs) to network and present their work ahead of the main mmc2019 conference.

The meeting will also include:

- A keynote lecture by **Wanda Kukulski** (MRC, Laboratory of Molecular Biology),
- An introduction to the newly-formed RMS student council,
- A talk by Journal of Microscopy Editor, **Pete Nellist** (University of Oxford), and
- A networking activity to get to know fellow microscopists at mmc2019.

Abstracts are accepted from early career researchers to present their research, with a focus on introducing the microscopy techniques used in their work. Please email your abstract to karina@rms.org.uk. The deadline for submissions is Monday 3 June 2019. A prize for the best early career talk will be presented by **Michelle Peckham** (RMS President).
