BE ON THE FRONTLINE

Foreign Service Officers (FSOs) are Singapore's bridge to the world. They safeguard and advance Singapore's interests across 50 Overseas Missions worldwide.

FSOs alternate between Singapore and overseas postings. You can develop along two pathways.

FSO (Functional and Corporate)

You are entrusted with MFA's vital operations. You formulate, review and implement policies that sustain us globally. You are rotated among HQ Directorates to manage one of MFA's core functions such as assisting Singaporeans abroad in distress, and facilitating State formalities and courtesies.

As Administrative Secretary overseas, you are Mission's backbone. You manage its operations and render consular assistance when duty calls.

FSO (Political and Economic)

You analyse developments related to your assigned region, country or organisation. You give policy advice and see through its implementation. You plan and manage visits and meetings in Singapore and overseas.

As Political Secretary abroad, you are Singapore's eyes and ears. You provide cogent analysis and recommendations to policy makers in HQ.
